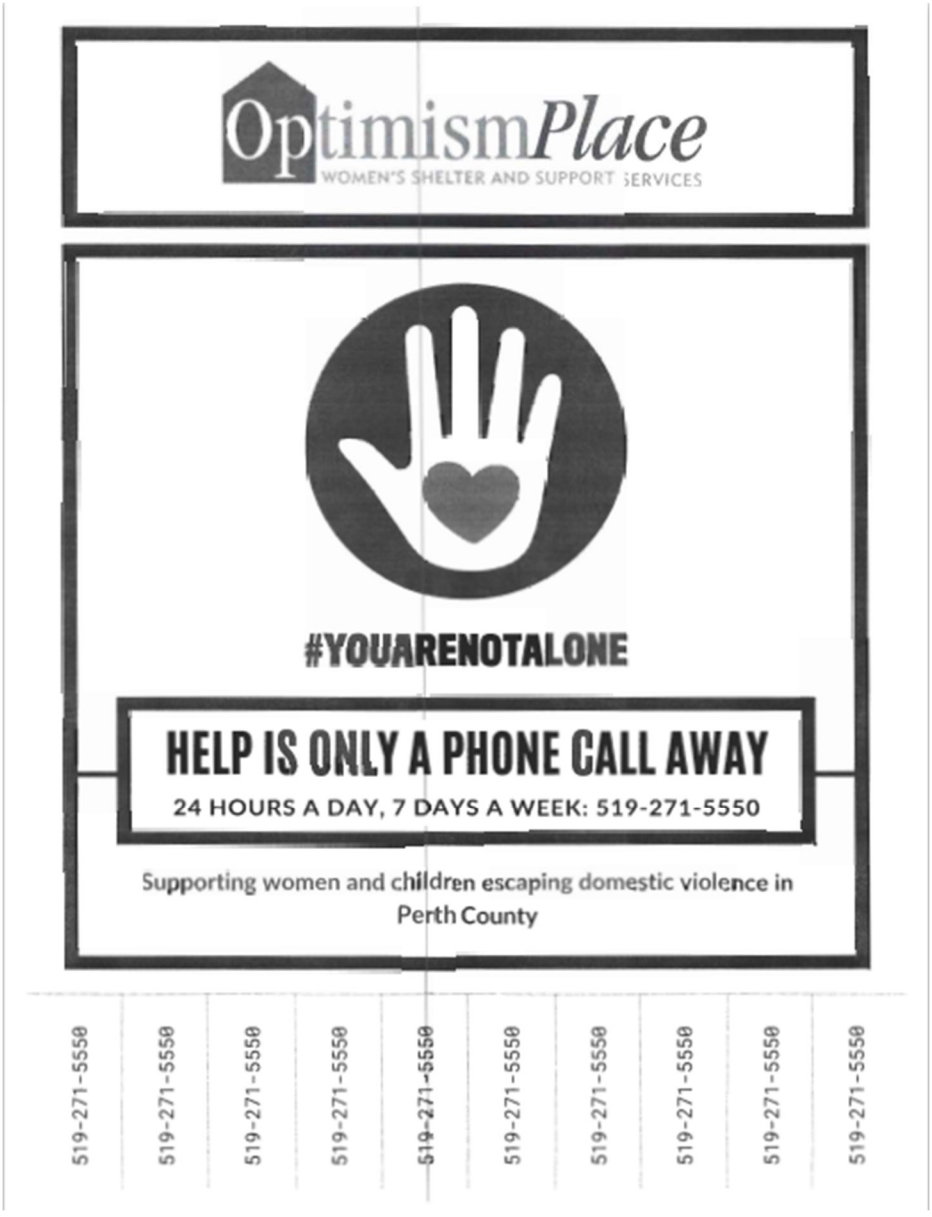
Posters Informing Vulnerable Women of Optimism Place's Help Line


Sometimes vulnerable women don't know who to turn to for help. In conjunction with Optimism Place CFUW's Committee to Eliminate Violence Against Women created a poster to inform vulnerable women of where to go for help. Committee members put the posters up all over Perth County in hotels, bars, restaurants, shops and public spaces. The community has been eager to help and the tear off portions of the posters are disappearing. This initiative will be ongoing as our group checks in and replaces posters as needed.
