BIRD FRIENDLY WINDOWS for a BIRD-FRIENDLY STRATFORD

Bird-Friendly tape with dots to put on outside of windows

The tape is clear, and the dots are not intrusive in your view- but the birds see them and interpret them as a blocked area where they can't fly.

Otherwise the surrounding area is reflected in the window, and they think the area is free for flying.

Over 40 million birds die every year crashing into windows.

A Feather-Friendly Product, available to order at **Split Rail Country Store**, just outside Stratford on the W side of Road 119 (Mornington Street). splitrailcountrystore.com 519-273-1881

Cost (tax included): single \$33.89 | three rolls : \$71.10

OR

Oil-based white chisel tipped marker for window lines every 1.5 inches apart, on outside of window.

You will not notice them, but the birds will think that's a wall. The lines break up the reflections of the outside.

Available at **Blowes Cards & Gifts**, downtown Stratford blowesstationery.com 519-271-5712

Cost (tax included): single \$7.90 | \$88.00/12
